2.31(c)

Institutional Animal Care and Use Committee (IACUC).

The IACUC's facility and program review did not occur at the required every six months frequency this past year. A first semi-annual review occurred on October 21, 2022, a second almost 8 months later on June 8th 2023 and a third 4 months later on October 19, 2023. Regular reviews are necessary to ensure adequate IACUC oversight and to ensure the welfare of the animals being used in research by the facility. The IACUC must conduct a facility and program review at least once every six months. Correct by April 1, 2024.

This inspection and exit interview were conducted with facility representatives.
