Type: ROUTINE INSPECTION  
Date: 18-APR-2016

### 2.40(b)(2)

#### ATTENDING VETERINARIAN AND ADEQUATE VETERINARY CARE (DEALERS AND EXHIBITORS).

\*\*\* A Bichon # 026109862 has long nails that need to be trimmed and an accumulation of tarter along the teeth. Long nails can pose a hazard to the dog if they get caught in the wire mesh. These nails need to be trimmed on a routine basis to prevent this issue. The facility does not have a dental plan for the dogs to address dental issues. This dog needs to be assessed by the vet and a dental plan implemented for its health and wellbeing.

Correct by: April 22, 2016

### 2.40(b)(3)

#### ATTENDING VETERINARIAN AND ADEQUATE VETERINARY CARE (DEALERS AND EXHIBITORS).

\*\*\* A Yorki # 026094583 has dry flaky skin and hair loss on the back. The licensee was not aware of this until the dog was pulled and looked at by the inspector. Daily observations need to be done and the animals handled so that conditions like hair loss and dry skin can be noticed and the condition conveyed to the attending veterinarian for diagnosis and potential treatment.

\*\*\* A Pekinese # 003269807 has a cornea abrasion on the right eye and the left eye was closed with some pus coming from the eye. The licensee did not notice this condition and has not conveyed this condition to the vet for treatment. Cornea issues can be painful to the animal and active areas of pus indicate infection in the other eye. This animal needs to be seen by the attending vet for proper diagnosis and treatment. Animals need to be observed daily and these conditions conveyed to the attending vet for effective and timely medical care.

Correct by: April 22, 2016

### 3.11(b)(2)

#### CLEANING, SANITIZATION, HOUSEKEEPING, AND PEST CONTROL.

\*\*\* The feeders have a layer of grime and debris and need to be cleaned more frequently. These feeders need to be

---

cleaned and sanitized at least once every two weeks to keep the feeders cleaned, prevent contamination to the food and reduce disease hazards. This needs to be addressed for the health of the dogs.

Correct by: April 25, 2016

An exit briefing was conducted with the licensee at the time of the inspection.
