Customer ID: **6003694**

Certificate: **56-C-0276**

Site: 001

Joe R. Adair Outdoor Education  
Center

Type: ROUTINE INSPECTION

Date: 04-JAN-2023

---

### 2.40(a)(1)

#### **Attending veterinarian and adequate veterinary care (dealers and exhibitors).**

The facility's program of veterinary care did not include written provisions and outlined care for the newly acquired species. The written program of veterinary care is needed to ensure that the facility understands the expectations of the attending veterinarian regarding the veterinary care of regulated animals. The facility should ensure that the written program of veterinary care is available for review during all USDA inspections.

Each facility shall employ an attending veterinarian under formal arrangements. In the case of a part-time attending veterinarian or consultant arrangements, the formal arrangements shall include a written program of veterinary care and regularly scheduled visits to the premises of the applicant.

Correct by January 20, 2023.

### 2.75(b)(1)

#### **Records: Dealers and exhibitors.**

The facility did not have complete acquisition records for the newly acquired prairie dogs and hedgehog. The complete name, address, and required information of the person from whom the animal was purchased were missing. In addition, disposition records were not available for a possum.

Records containing the required information for animals acquired for use in regulated activities, including those offspring

## Inspection Report

---

born on premise, are necessary to accurately track animals being used in regulated activities to ensure their humane care and use. The applicant shall make, keep, and maintain records of acquisition of all animals that fully and correctly discloses the required information.

Correct by January 11, 2023.

### 2.134

#### **Contingency planning.**

The facility has not documented a contingency plan. A plan is important to be in place in preparation for unexpected disasters or events, as well a detailed strategy to address the needed handling, treatment, transportation, housing, and care of the animals in the event of an emergency or disaster. The facility shall develop and document an appropriate contingency plan available for review upon USDA inspections.

Correct by January 20, 2023.

This inspection and exit interview were conducted with the authorized person.
