EXOTIC ANIMAL EXHIBITS

Type: ROUTINE INSPECTION

Date: 26-APR-2018

2.75(b)(1)

RECORDS: DEALERS AND EXHIBITORS.

Acquisition records for a red kangaroo, wallaroo, llama, alpaca, sloth, camel, 8 pot belly pigs, African crested porcupine, wolf hybrid, 3 rabbits, and 7 goats were missing (missing required information included name and address, USDA license number or vehicle license number and driver's license number, the date of acquisition, species and number of animals). Disposition records for wallaroo, red kangaroo, and 2 rabbits were missing (missing required information included name and address of person to whom the animal was sold or given, dates sold, euthanized or disposed of, and species and number of animals). Lack of accurate information on the acquisition and disposition of animals can compromise a trace-back investigation during a disease outbreak. Correct by 5/22/18.

This inspection (4/26/18) and exit interview (5/1/18) were conducted with the facility owner.
