Contingency planning.

The licensee has components of a contingency plan but it is incomplete and not recently updated. The licensee must develop, document and follow an appropriate plan to provide for the humane handling, treatment, transportation, housing and care of their animals in the event of an emergency or disaster. The contingency plan must include all of the information and documentation as detailed in Section 2.134 (a-c) of the Animal Welfare Regulations and employees must be trained on the plan.
