### 2.126(b)

#### Access and inspection of records and property; submission of itineraries.

A responsible adult was not available to accompany APHIS Officials during the inspection process from 2:45 to 3:15 on 05/27/25.

The inspector attempted to contact the licensee by knocking on the door, then called and spoke with licensee on the phone. The licensee advised that they were away from the facility and neither they nor a facility representative would be available within an hour.

Failure to provide access to the facility, animals, and records for inspection is a serious violation of the AWA and regulations. Failure to comply may result in enforcement action.
