Cruzin Critters  
15848 Lombardy Avenue  
Turlock, CA 95380

Customer ID: **30770**  
Certificate: **93-C-1077**  
Site: 001  
Cruzin Critters

Type: ROUTINE INSPECTION  
Date: 08-NOV-2018

### 3.129(a)

#### FEEDING.

The ceiling of the food storage and preparation room is in disrepair, the room is dusty, and contains a large accumulation of cobwebs.

One section of insulation directly above the food prep area is missing the paper covering while an adjacent section has come partially detached and is hanging from the rafter. Numerous cobwebs are present on the walls, ceiling, and on, and around objects in the room. Unopened bags of pelleted animal food in a closed plastic bin are dusty and cobwebs and a live spider are present in the bin.

Food in this environment may be contaminated by dirt, particles of insulation, and insects. Contaminated food may be less palatable to the animals and detrimental to their health. The licensee should ensure that the food storage/preparation room is kept clean and in good repair to ensure that animal food is wholesome, palatable, and free from contamination.

Correct by November 23, 2018.

This inspection and exit interview were conducted with a facility representative.
