LEON SCHLABACH
31287 TR 231
FRESNO, OH 43824

Customer ID: **506846**
Certificate: **31-A-0795**
Site: 001
LEON E SCHLABACH

Type: RE-LICENSE INSPECTION
Date: 08-SEP-2021

3.1(c)(2)

Housing facilities, general.

There are excessive amounts of brown matter (dirt, excreta, debris, etc) adhered to whelping boxes where chew damage is present. In addition there is green organic material build up on exterior platforms with multiple areas of chew damage. The areas with chew damage are no longer able to be properly cleaned and sanitized. Insufficient cleaning is directly contributing to the disease hazards and odor within the facility. The applicant must ensure all surfaces of housing facilities to include, housing structures, dens, other furniture-type fixtures and objects within the facility, that cannot be readily cleaned and sanitized are replaced, resurfaced or repaired when they become worn or soiled.

3.11(a)

Cleaning, sanitization, housekeeping, and pest control.

Inspectors observed excreta and hair buildup in the corners and underneath all primary enclosures on the whelping side of the kennel. The external platforms used by the dogs to enter the indoor portion of the kennel have a moderate to excessive green organic buildup present. The improper cleaning of the facility is directly contributing to the strong odor within the facility. Insufficient cleaning of surfaces in contact with the dogs or throughout the facility can contribute to increased disease hazards and attract insects and/or pests. The applicant must spot clean daily and ensure all surfaces in contact with the dogs are cleaned and sanitized at least every two weeks or as often as necessary to satisfy all cleaning requirements set forth in the AWA.

Inspection Report

This is a 1st Re-License Inspection for a Class "A" license. The inspection and exit briefing were conducted with the applicant.

All items must be in compliance within 2 more inspection(s) or by November 11th and prior to the expiration of your license or the applicant will forfeit the license fee and must wait 6 months to reapply. Please contact your inspector to schedule your next Re-License Inspection.

Regulated activity can continue under your existing USDA license until it expires.

Additional Inspectors:

Mark Sanderbeck, ANIMAL CARE INSPECTOR

Amanda Pope, VETERINARY MEDICAL OFFICER
