Customer ID: **502049**  
Certificate: **74-B-0784**  
Site: 002  
WILDLIFE PARTNERS LLC

Type: RE-LICENSE INSPECTION  
Date: 14-DEC-2021

---

### 3.127(b)

#### Facilities, outdoor.

A male giraffe is housed in a large enclosure that has no shelter. The enclosure has no trees or other natural structures to provide a wind break or shade. Employees stated the giraffe arrived on 12/9/2021 and would only be at this site temporarily but did not know when he was scheduled to be moved. The temperatures were in the 40's for at least one night after the giraffe arrived and a cold front with rain and low temperatures in the 40's is predicted within the next 72 hours. Giraffe are very sensitive to wet and cold conditions ( temperatures below 50 ) . Exposure to such conditions is likely to cause discomfort and distress. A shelter that provides adequate protection for the giraffe must be provided to prevent discomfort.

CORRECT BY : 12/17/2021

This is a 1st Re-License Inspection at site 2 for a Class " B " license. The inspection and exit briefing were conducted with facility employees.

Re license will be issued only when all sites are approved. All sites must be in compliance within 60 days ( 2/15/2022 ) or must wait 6 months to reapply.
