Site: 001
LORA LAMPE

Type: ROUTINE INSPECTION
Date: 16-NOV-2016

2.40(b)(2) REPEAT

ATTENDING VETERINARIAN AND ADEQUATE VETERINARY CARE (DEALERS AND EXHIBITORS).

A female tri-colored Beagle (#0A01233177) and a male tri-colored Beagle (#145357586A) both have excessively long toe nails. Some of the toe nails are laying sideways when the dogs are in a normal standing position. Long toe nails can be painful and cause discomfort when a dog is trying to walk. The potential for injury exists if a toe nail becomes caught in the plastic flooring. The licensee must ensure that toe nails are trimmed on a regular basis.

This inspection and exit interview were conducted with the licensee, Heather Cole, VMO and Corbin Ranslem, ACI.

Additional Inspectors

Cole Heather, Supervisory Animal Care Specialist

Prepared By: CORBIN RANSLEM, A C I USDA, APHIS, Animal Care
