REQUIREMENTS AND APPLICATION.

This was a search inspection. Facility owner was present during this search inspection. Facility started the licensing process in 2013 but did not complete it. Many dogs noted on the property, owner confirmed he still has over 100 dogs. He said he intended to complete the licensing process but ran out of time. Sale records confirm he has sold to a pet store on 1/27/14, 2/17/14, and 3/10/14. He stated that he does not get paid for the puppies until the pet store sells the puppies so he thought that was not regulated. Regulations were explained in detail. These wholesale sales of puppies without a license are in violation of Section 2.1.

An application packet was provided to the owner.
