

Inspection Report

Harrison County Parks Dept
245 Atwood Street, Ste 120
Corydon, IN 47112

Customer ID: **2642**

Certificate: **32-C-0238**

Site: 001

HARRISON COUNTY PARKS
DEPT

Type: ROUTINE INSPECTION

Date: 29-NOV-2021

3.130

Watering.

The water receptacle in the enclosure housing the goats, sheep, pig, and miniature horses has a green algae-like substance covering the bottom of the receptacle. Water receptacles that are not cleaned frequently enough can lead to decreased water drinkability and subsequent health problems of the animals. Correct by cleaning as often as needed to ensure clean and sanitary water receptacles. Correct by: December 6, 2021.

This inspection and exit interview were conducted with the Park Manager.
