Donna Perrotta

Type: ROUTINE INSPECTION
Date: 02-FEB-2015

2.40(a)(1) REPEAT

ATTENDING VETERINARIAN AND ADEQUATE VETERINARY CARE (DEALERS AND EXHIBITORS).

The written Program of Veterinary Care was not available during this inspection. I contacted the licensee by phone and she stated she could not locate it, and did not provide a copy with the traveling facility selling sugar gliders retail. There was no documentation of the last visit by the attending veterinarian for the motor home used to house sugar gliders which is in continuous traveling status. The licensee states the attending veterinarian has visited the home facility within the last year but only for some of the sugar gliders.

On January 13, 2015, this licensee was cited for not having the written Program of Veterinary Care available during the home site inspection with the correction date of February 1, 2015. To ensure adequate veterinary care is provided for this licensee's sugar gliders, there needs to be a written Program of Veterinary Care. This licensee is responsible for following the attending veterinarian recommendations, including visits to all facilities housing animals.

This inspection was conducted with the caretaker at the Charlotte County Fair, Florida, and exit interview with the care taker and licensee.
