Type: ATTEMPTED INSPECTION
Date: 14-APR-2023

2.1(b)(1)

Requirements and application

The licensee moved to another state (more than 90 days ago) and did not notify APHIS of a change in operation of their licensed facility in Wisconsin. Not updating APHIS on changes in operation and location doesn't permit routine inspection of the facility and animals, if applicable. Ensure to contact APHIS and update the status of this facility.

***Correct prior to any regulated activity.

2.126(b)

Access and inspection of records and property; submission of itineraries.

A responsible adult was not available to accompany an APHIS Official during the inspection process at 3:45PM on April 14, 2023. I knocked on the door of what used to be the licensee's residence. A person there said that the licensee moved to another state and the licensee no longer operates the facility here. I called the number on file, left a voicemail and have not received a call back.
