Type: RE-LICENSE INSPECTION
Date: 20-MAY-2024

3.154

Environment enhancement to promote psychological well-being.

The facility has birds socially housed and also described different things they provide for the birds' environmental enrichment, however a written plan of environmental enhancement hasn't been documented by the facility and approved by the attending veterinarian. A species-appropriate plan for environmental enhancement that is approved by the attending veterinarian helps ensure that birds maintained at the facility receive appropriate enrichment and socialization. Ensure to document and follow a plan that is approved by the attending veterinarian.

This is a 1st Re-License Inspection for a Class B license. The inspection and exit briefing were conducted with the applicant.

All items must be in compliance within 2 more inspection(s) or by 7/19/2024 or the applicant will forfeit the license fee and must wait 6 months to reapply. Please contact your inspector to schedule your next Re-License Inspection.

Regulated activity can continue under your existing USDA license until it expires.
