REQUIREMENTS AND APPLICATION.

This was a search inspection.

Facility owner's wife was present during this search inspection. Owner's wife stated that they currently have about 15-20 dogs. Owner's wife stated that she was unsure how her husband sold their puppies. However; sales records confirm that they sold puppies to a pet store on 1/08/14. Regulations regarding licensing requirements were explained in detail. When greater than 4 breeding females are maintained, the wholesale sale of puppies without a license is a violation of Section 2.1 of the Animal Welfare Act. Any person operating or intending to operate as a dealer (who is not otherwise exempted from the licensing requirements) must have a valid license. The owner shall file a completed application form with the AC Regional Director if he would like to conduct any further regulated activity.

An application packet was provided to the owner's Wife.

NO REGULATED ACTIVITY MAY BE CONDUCTED UNTIL A USDA LICENSE IS OBTAINED
