Access and inspection of records and property; submission of itineraries.

A responsible adult was not available to accompany APHIS Officials during the inspection process at 11:35am-12:05pm on 9/9/2024. On 9/9/2024 at 8:00am eastern time, the inspectors received a text communication from the licensee referencing their availability for the week. According to the text message, it appeared that they will be available that day 9/9/2024, and will be running errands on Tuesday 9/10/2024 and setting up a tent on Wednesday 9/11/2024.

The inspectors attempted to contact the facility by knocking on the door at the address provided for the site of this account, honking the car horn, calling the phone numbers provided in the account, and sending a text message to the licensee phone number. No voicemail could be left on either phone.

Failure to provide access to the facility, animals, and records for inspection is a serious violation of the AWA and regulations. Failure to comply may result in enforcement action.
