SANITATION.

Housekeeping. The left side of building along the wall has boards, pile of empty feeders and debris on the floor. There is clutter including wood scraps, crates, empty bags, dirt and debris on the floor in the front corner by the wood stove and on empty enclosures in this area. Ineffective cleaning can expose the animals to disease hazards and health problems. Animal facilities must be kept clean and in good repair to protect the health of the animals and to prevent pest problems. Correct by ensuring clutter, empty feeders, empty bags, wood scraps, crates, dirt and debris are removed from the floor, around the wood stove, and from empty enclosures. Correct by October 27, 2018.

This inspection was conducted with the owner's son and the exit interview was conducted with the owner's wife.
