Dawn Cordeiro
1088 Sharps Lot Rd
Swansea, MA 02777

Customer ID: **321123**
Certificate: **14-C-0139**
Site: 001
DAWN CORDEIRO

Type: ROUTINE INSPECTION
Date: 17-MAR-2016

2.1(a)(1)

REQUIREMENTS AND APPLICATION.

Licensing Requirements.

1. The individual identified above operates a mobile petting zoo business ("Farm Visits") that includes species of animals used in activities regulated by the Animal Welfare Act AWA (rabbits, pigs, and goats) but the individual does not have a USDA Class "C" exhibitor license. Although the individual was contacted in November 2013 and informed of the license requirement to operate a mobile petting zoo, an application for a license has not been submitted and un-licensed Class "C" animal use activities are being conducted.

Per this Section of the Regulations, any person operating or intending to operate as an exhibitor must have a valid license with the USDA. The possession of a valid USDA license demonstrates that the premises, vehicles, equipment, and care of the animals complies with the Regulations and Standards as set forth in the AWA to ensure the health and well-being of the animals.

An application for a license should be submitted to the Regional Director that contains all of the information requested on the application form, including a valid mailing address through which the applicant can be reached at all times, and a valid premises address where animals, animal facilities, equipment, and records may be inspected for compliance.

NOTE - This SEARCH inspection was a focused inspection to verify the conduction of un-licensed AWA Regulated activity. A valid USDA Class "C" exhibitor license is required in order to continue to exhibit animals to the public. The licensing requirements and USDA Regulations that apply to this type of facility were discussed and a pre-license packet was left by the inspectors.

No further USDA regulated activities should be conducted until a USDA license is obtained.

NOTE - Exit interview held on-site 3/17/16 with the Owner by APHIS AC VMOs Dr. Paula Gladue and Dr. Tonya Hadjis. Inspection report delivered 3/18/16 by e-mail.
