***** At time of inspection the APHIS 7020 forms, Records of Acquisition, Disposition, or Transportation of Animals other than Dogs or Cats were not filled out completely detailing all the information requested on the form for 19 different sales and transport of animals. This information is important in the event of an animal disease outbreak requiring searchbacks on animals of the type associated with an outbreak, as well as tracking animals being acquired, sold, or transported in commerce. If information is requested and there is none available then N/A would be one option when there is none that is applicable.
