Access and inspection of records and property; submission of itineraries.

A responsible adult was not available to accompany APHIS Officials during the inspection process at 1:00PM on 29 July 2025. The inspector attempted to contact the licensee/registrant by honking horn, tried calling, left card at gate, returned to cell service area called and left message and waited 30 minutes, called again, drove back to facility and honked horn again with no response. Failure to provide access to the facility, animals, and records for inspection is a serious violation of the AWA and regulations.
