Records: Dealers and exhibitors.

There were no records of acquisition or record of animals on hand available at the time of the inspection for the following animals that have been acquired since the last inspection: 1 duck, 2 turkeys, 2 sheep, and 4 rabbits.

Per this Section, exhibitors shall make and maintain complete records regarding the details of the acquisition and disposition of animals in their possession in order to account for all animal transfers and the sources of the animals. The Licensee needs to prepare records of acquisition and a record of animals on hand for these birds, rabbits, and sheep and ensure that the animal records are kept current for all future animal acquisitions.

This inspection and exit briefing were conducted with facility representative.
