

## Inspection Report

---

Maine Wildlife Park  
56 GAME FARM RD  
GRAY, ME 04039

Customer ID: **1964**  
Certificate: **11-C-0002**  
Site: 001  
STATE OF MAINE

Type: RE-LICENSE INSPECTION  
Date: 12-SEP-2023

---

### 3.150(a)

#### Facilities, general.

The songbird enclosure had multiple @ 2-5 inch in diameter holes in the interior mesh lining the wire screen outer walls. These holes may be an entry point for small birds to enter and become trapped between the two walls of the enclosure or permit smaller pest rodents or predators to enter the enclosure, representing a possible risk to animal welfare. The facility must ensure that the housing facilities are kept in good repair.

Correct by 13 September 2023.

### 3.131(c)

#### Sanitation.

The main sink in the kitchen, used for preparing animal feed and washing dishes, had black sticky material adhered to the corners and around the upper edge of the basin. A large amount of black sticky material was also adhered to the door seal of the freezer used to store frozen food for animal diets. Surfaces of food preparation and storage equipment must be kept clean to prevent contamination and facilitate sanitation practices to ensure animal welfare. The facility must ensure that the premises are kept clean.

Correct by 13 September 2023

This is a (1st) Re-License Inspection for a Class ("C") license. The inspection and exit briefing were conducted with the applicant.

All items must be in compliance within (2) more inspection(s) or by 11 November 2023 (60 days counted from 1st RL Inspection) or the applicant will forfeit the license fee and must wait 6 months to reapply. Please contact your inspector to schedule your next Re-License Inspection.

Regulated activity can continue under your existing USDA license until it expires.
