2.40(a)(1)

ATTENDING VETERINARIAN AND ADEQUATE VETERINARY CARE (DEALERS AND EXHIBITORS).

The licensee did not have a copy of his Program of Veterinary Care with him. The Program of Veterinary Care is necessary to ensure that appropriate methods are used to prevent, control, diagnose, and treat diseases and injuries. The licensee must ensure that a copy of the Program of Veterinary Care accompanies all animals at all locations.

To be corrected by November 25, 2017.

3.127(b)

FACILITIES, OUTDOOR.

(b) Shelter from inclement weather.

The reindeer did not have a shelter to protect them from inclement weather. A lack of protection from inclement weather can cause the animals to become cold and stressed, making them susceptible to medical conditions. The licensee must provide shelter of adequate size to protect all animals in the enclosure.

To be corrected by November 25, 2017.

This inspection and exit interview were conducted with the licensee.
