Oceans of Fun Inc  
W 325 N 3940 Woodlawn Ct  
Nashotah, WI 53058

Customer ID: **2347**  
Certificate: **35-C-0001**  
Site: 004  
Oceans of Fun Myrtle Beach

Type: RE-LICENSE INSPECTION  
Date: 01-MAY-2025

---

### 3.127(d)

#### Facilities, outdoor.

An area along the front side of the perimeter fence had an 8.5 inch gap observed between the ground and bottom of the fence. While the facility historically uses rocks beneath the fence line to maintain its integrity, the substrate has become displaced, resulting in the gap present during today's inspection.

Having a perimeter fence in place protects the animals in the facility by restricting animals and unauthorized persons from going through it or under it, permitting contact with the animals in the facility. Additionally, it serves as a secondary containment system for the animals in the facility.

The perimeter fence must be of sufficient distance from the outside of the primary enclosure to prevent physical contact between animals inside the enclosure and animals or persons outside the perimeter fence. Non-dangerous animals housed in outdoor facilities require a 6-foot-tall perimeter fence around their enclosure and must be at least 3-feet away from any enclosures or buildings, unless an approved variance has been issued in writing by the Administrator.

The facility corrected during the inspection.

This is a 1st Re-License Inspection for a Class "C" license. The inspection and exit briefing were conducted with the applicant and facility representatives.

All items must be in compliance within 2 more inspections or by June 30, 2025, or the applicant will forfeit the license fee and must wait 6 months to reapply. Please contact your inspector to schedule your next Re-License Inspection.

Regulated activity can continue under your existing USDA license until it expires.
