On Dec 7 2017 Ukraine International Airlines transported 7 dogs under 4 different airway bills. One dog a French bulldog about 5 months of age, on AWB 566 1430 8733, was found dead upon arrival at JFK airport in NYC, the flight had been delayed some 9 hours before arriving at JFK airport, short nosed breed dogs require extreme care and observation during transport.

The USDA APHIS VMO, the cargo sales representative and the Director of Ukraine airlines in Kiev Ukraine had a phone conversation on Dec 14, concerning this incident. The airline has instituted a canine embargo on flights as well as requested a necropsy of the dog which is still pending and they are also reviewing the handling procedures for animals.

An inspection and exit interview took place with both the cargo sales rep and the Director of Ukraine airlines via conference call
