Access and inspection of records and property; submission of itineraries.

A responsible adult was not available to accompany APHIS Officials during the inspection process at 12:50 pm on April 15, 2025. The inspector called licensee on the phone upon arrival at facility and left message. There was no one home and no response to honking the vehicle horn. After 30 minutes the inspector called the licensee again and there was still no answer. The inspector left a message on the phone and a "Leave Behind" flier in the garage door and left the facility. Failure to provide access to the facility, animals, and records for inspection is a serious violation of the AWA and regulations. Failure to comply may result in enforcement action.
