2.134(a)

Contingency planning.

There was no written contingency plan on file at the facility.
Failure to have a written contingency plan can result in lack of readiness for emergencies or disasters.
Facilities must develop, document, and follow an appropriate plan to provide for the humane handling, treatment, transportation, housing, and care of their animals in the event of an emergency or disaster.

Exercise for dogs.

The facility was unable to locate the written exercise plan for dogs. The pens provide adequate space for exercise according to the regulations.
A documented and approved exercise plan helps ensure that a dogs' space requirements and exercise needs have been considered and will be provided.
The facility must develop, document, and follow an appropriate plan to provide dogs with the opportunity for exercise. In addition, the plan must be approved by the attending veterinarian. The plan must include written standard procedures to be followed in providing the opportunity for exercise.

3.13(b)(3)

Veterinary care for dogs.

The medical records for dogs were missing some information. The licensee was administering a five way vaccine containing distemper and parvovirus to adult dogs on an annual basis and a parvovirus vaccine to pregnant females prior to whelping but there were no records documenting this.
Failure to document vaccines administered may result in failure to adhere to a vaccine schedule that protects the dogs from infectious diseases.
Dealers must keep copies of medical records that document the names of all vaccines administered and the dates of administration.
