Environment enhancement to promote psychological well-being.

At the time of inspection, the applicant did not have a written environmental enrichment plan for the birds at the facility. The facility does provide environmental enrichment and social housing for the exhibited birds.

Exhibitors must develop, document, and follow a species-appropriate plan for environment enhancement adequate to promote the psychological well-being of birds. The plan must be approved by the attending veterinarian and must be in accordance with the regulations of the Animal Welfare Act (AWA) and with currently accepted professional standards as cited in appropriate professional journals or reference guides. The facility must develop a plan as required by the AWA, and ensure the plan is available for inspection upon request by APHIS personnel.

This is a 1st Re-License Inspection for a Class "C" license. The inspection and exit briefing were conducted with the applicant.

All items must be in compliance within 2 more inspection(s) or by 07/12/2024 or the applicant will forfeit the license fee and must wait 6 months to reapply. Please contact your inspector to schedule your next Re-License Inspection.

Regulated activity can continue under your existing USDA license until it expires.
