Site: 002

Teahan Monkey Farm - 002

Type: ROUTINE INSPECTION

Date: 15-SEP-2022

---

### 2.78(a)

#### Health certification and identification.

On 11/26/2021, the registrant transported a 4-month old female spider monkey across state lines without obtaining a health certificate. Health certificates are important for ensuring that animals are healthy, fit for travel and appear free of any infectious disease or physical abnormality that would be a danger to themselves, other animals, and the public. A health certificate issued by a licensed veterinarian, dated not more than 10 days prior to the transportation, must accompany all non-human primates. To be corrected from this date forward.

This inspection and exit interview were conducted with the registrant.
