3.125(c)

FACILITIES, GENERAL.

There is an open bag of deer pellets sitting on the floor in the food storage room.

Supplies of food and bedding shall be stored in facilities which adequately protect such supplies against deterioration, molding, or contamination by vermin.

Keep all food in containers to prevent contamination by rodents. Do this to prevent illness and disease in the deer.

To be corrected by November 2, 2017.

3.131(c)

SANITATION.

There is a 6' by 6' room in the food storage area that is full of empty feed bags.

Accumulations of trash shall be placed in designated areas and cleared as necessary to protect the health of the animals.

Keep empty bags of feed in a designated area, can or bag. This is to prevent rodent infestation in the food storage area.

To be corrected by November 2, 2017.

This inspection and exit interview were conducted with the caretaker and President of Parks and Rec. Board.
