Type: RE-LICENSE INSPECTION

Date: 14-MAR-2024

2.78(a)(1)

Health certification and identification.

According to the health certificate, on July 19, 2023, three female Cynomolgus macaques (*Macaca fascicularis*) (ID's: 1030044, 1045860, and 1047116) were inspected by a licensed veterinarian in Houston, TX and were not delivered to the transporter for transport to Reno, NV until August 2, 2023 – 14 days later. Nonhuman primates must be inspected and delivered for transport, as required, within 10 days to ensure the animals are evaluated by a licensed veterinarian and are free of any infectious disease or physical abnormality which would endanger the nonhuman primate, other animals or endanger public health. Dealers must not deliver any nonhuman primate for transport in commerce unless accompanied by a health certificate issued by a licensed veterinarian no more than 10 days prior to transport. The facility has since revised their process by implementing a more robust inspection system.

Correct by: March 14, 2024

This is a 1st Re-License Inspection for a Class "B" license. The inspection and exit briefing were conducted with the applicant.

All items must be in compliance within 2 more inspections or by (date-60 days counted from 1st RL Inspection) or the applicant will forfeit the license fee and must wait 6 months to reapply. Please contact your inspector to schedule your next Re-License Inspection.

Regulated activity can continue under your existing USDA license until it expires.
