2.126(b)

Access and inspection of records and property; submission of itineraries.

A responsible adult was not available to accompany the APHIS Official during the inspection process at 1:15pm on October 15, 2024. The inspector attempted to contact the licensee by going to the facility, where they spoke with a family member who informed the inspector that the licensee was not home and not available for several hours. Failure to provide access to the facility, animals, and records for inspection is a serious violation of the AWA and regulations. Failure to comply may result in enforcement action.
