Type: ROUTINE INSPECTION
Date: 01-JUL-2015

2.40(b)(3)

ATTENDING VETERINARIAN AND ADEQUATE VETERINARY CARE (DEALERS AND EXHIBITORS).

One of the aoudad sheep was observed with a excessively long right hind hoof. This was not yet affecting the gait of the animal, however could potentially cause lameness in the future. The animals need to be observed for potential health issues on a daily basis. This animals requires hoof trimming in order to prevent a health issue and possible discomfort.

*****Correct by July 4, 2015

3.125(a)

FACILITIES, GENERAL.

1. The jacob sheep shelter had boards missing on either side of the door. One of the sheep was observed sticking his head through the gaps. This could possibly lead to injury of the animals. All animal enclosures must be kept in good repair.

*****Correct by July 14, 2015

2. The fencing for the camel enclosure was sagging and bent. The top part of the fence was not attached to the horizontal posts, allowing the fencing to sag in parts. This situation significantly decreased the total height of the fence. This could possibly lead to injury and potentially allow entry of unwanted animals. All animal enclosures must be kept in good repair.

*****Correct by July 14, 2015

3. The fencing for the goat pens had portions which had become detached from the wall of the wolf shed. The extra fencing which was not attached was loosely laying on the ground. This created a gap where the goats could potentially escape from the enclosure, and possibly become injured. All animal enclosures must be kept in good

Inspection Report

repair.

*****Correct by July 14, 2015

3.138(a)

PRIMARY CONVEYANCES (MOTOR VEHICLE, RAIL, AIR, AND MARINE).

The red livestock trailer used to transport animals had two small areas that had rusted out. This condition was now causing gaps to form between the floor and the wall and approximately 18 inches directly above on the drivers side of the trailer. This condition could possibly affect the safety of the animals being transported within. This trailer needs to be repaired.

*****Correct by July 14, 2015

An exit briefing was conducted with the licensees.
