#### Access and inspection of records and property; submission of itineraries.

A responsible adult was not available to accompany APHIS Officials during the inspection process at 11:00 am on Tuesday August 26, 2025. The inspector contacted the licensee by phone and the licensee stated that they were combining out of town and unable to do a kennel inspection inspection at that time. There was also no other designated person available for the facility inspection at that time.

Failure to provide access to the facility, animals, and records for inspection is a violation of the AWA and regulations. Failure to comply may result in enforcement action.
