### 2.126(b)

#### Access and inspection of records and property; submission of itineraries.

A responsible adult was not available to accompany APHIS Officials during the inspection process from 2 to 2:30pm on 9/27/2024.

The inspector attempted to contact the licensee/registrant by phone upon arrival and the call went straight to voicemail. The inspector then knocked on door and rang the doorbell. The licensee called phone again, licensee answered and advised they were away from home and no one would be available for inspection within an hour.

Failure to provide access to the facility, animals, and records for inspection is a serious violation of the AWA and regulations. Failure to comply may result in enforcement action.
