Type: ROUTINE INSPECTION

Date: 13-JUL-2021

2.131(d)(2)

Handling of animals.

During the inspection, an adult, visitor was observed reaching over the enclosure fence and petting the capybara without an attendant present. The presence of employees or attendants during public contact helps to ensure animals are appropriately handled for the safety of the animals and the public. A responsible, knowledgeable, and readily identifiable employee or attendant must be present at all times during periods of public contact.

Correct from this time forward.

This inspection and exit interview were conducted with facility representatives.
