Separation.

The licensee runs a wildlife rehabilitation business. The animals in that business are not regulated under the Animal Welfare Act. A groundhog is being housed in a room of non-regulated animals that are under the rehabilitation business. Housing the groundhog near non-regulated rehabilitation animals doesn't ensure the health and well-being of the groundhog. The groundhog must be housed near the rehabilitation animals so that the health and well-being of the groundhog is not compromised. Correct starting on 6/10/25.

This inspection and exit interview were conducted with the licensee.
