Environment enhancement to promote psychological well-being.

The registrant at this site did not have a documented species-appropriate plan for environmental enhancement adequate to promote the psychological well-being for their 3 budgies housed at the facility and used for teaching.

Dealers, exhibitors, and research facilities must develop, document, and follow a species-appropriate plan for environment enhancement adequate to promote the psychological well-being of birds. The plan must be approved by the attending veterinarian and must be in accordance with the regulations in this subpart and with currently accepted professional standards as cited in appropriate professional journals or reference guides. This plan must be made available to APHIS upon request, and, in the case of research facilities, to officials of any pertinent funding agency.

Correct by July 31, 2024.

This inspection and exit interview were conducted with the facility Program Director.
