Thompson Park Conservancy Inc
1 Thompson Park
Watertown, NY 13601

Customer ID: 2353

Certificate: 21-C-0311

Site: 001

THOMPSON PARK ZOO

Type: ROUTINE INSPECTION

Date: 16-NOV-2015

2.131(c)(1) REPEAT

HANDLING OF ANIMALS.

*** The public barrier around the wolverine enclosure to the left of the glass viewing area still does not prevent guests from having contact with the enclosure and potentially the animals. The inspector was able to reach across the barrier and grab onto the chain link fence. For the safety of the animals and guests the barrier needs to be moved back or raised up so there is a sufficient distance and guests are not able to touch the enclosures or potentially the animals.

At the last inspection the facility had indicated that it was making progress in funding and planning out the removal of old fence and construction of new fence that would have been further back and higher to prevent guests from being able to touch the primary enclosure. The facility has not completed this project but has closed the park for the season.

The fencing around the wolverine exhibit needs to come into compliance by the time the facility opens in the spring for the safety of the guests.

An exit briefing was conducted with a facility representative at the time of the inspection.
