Certificate: **91-R-0023**

Site: 001

CENTRAL WASHINGTON UNIVERSITY

Type: ROUTINE INSPECTION

Date: 12-JUL-2016

### 2.31(d)(1)(2)

#### INSTITUTIONAL ANIMAL CARE AND USE COMMITTEE (IACUC).

Protocol A081401 does not address the principal investigator's consideration of alternatives to potentially painful and/or distressful procedures nor does it provide a written narrative of the methods to determine alternatives were not available.

It is the responsibility of the IACUC to review the protocol(s) to ensure the principal investigator has given consideration to alternatives to the potentially painful and/or distressful procedures and provided a written narrative describing the methods utilized to determine alternatives were not available.

Correct by: September 12, 2016

### 2.31(d)(5)

#### INSTITUTIONAL ANIMAL CARE AND USE COMMITTEE (IACUC).

The most recent IACUC review of protocol A081401 was conducted on November 4, 2014. The IACUC must conduct continuing reviews of activities at appropriate intervals, but not less than annually to allow the committee to make decisions regarding continued approval or modifications of the activity.

Correct by: September 12, 2016

### 2.33(a)(1)

#### ATTENDING VETERINARIAN AND ADEQUATE VETERINARY CARE.

The written Program of Veterinary Care was not available for review at the time of the inspection. The research facility must have formal arrangements with an attending veterinarian which includes a written program of veterinary care. The program must indicate the species involved, and include the use of appropriate methods to prevent, control, diagnose and treat diseases and injuries, the availability of emergency care and a description of euthanasia for the animals.
