2.75(b)(1) Repeat

Records: Dealers and exhibitors.

There were no records of acquisition for the four animals acquired since the last inspection: rabbits #3 and sheep #1.

Per this Section of the Regulations, exhibitors shall make and maintain complete records regarding the details of the acquisition and disposition of animals in their possession in order to account for all animal transfers and the sources of the animals. The Licensee needs to prepare records of acquisition for these animals and ensure that the animal records are kept current for all future animal acquisitions.

2.134(b)

Contingency planning.

The Contingency Plan has not been reviewed by the licensee on at least an annual basis. The last review of the Contingency Plan was completed in mid-October 2022.

Per this Section, all exhibitors must review their Contingency Plan on at least an annual basis to ensure that it adequately addresses potential emergency situations that could be detrimental to the health and well-being of the animals. The Licensee needs to review the Contingency Plan and document the review. Correct by 9/16/24.

Environment enhancement to promote psychological well-being.

Although the birds at the facility were socially housed and were provided with materials to enhance their environment, a written plan for environmental enhancement to promote the psychological well-being of the birds had not been developed and was not available for review at the time of the inspection.

Per this Section, exhibitors must develop, document, and follow a species-appropriate plan for environment enhancement to promote the psychological well-being of birds. The plan must be approved by the Attending Veterinarian and must be in accordance with currently accepted professional standards as cited in appropriate professional journals or reference guides. At a minimum, the plan must address each of the following: social grouping, environmental enrichment, special
