The written program of veterinary care (PVC) is incomplete. The following animals: sloth, pig, prairie dog, hedgehog, and tenrec are not listed on the PVC. A complete, written program of veterinary care is required when the attending veterinarian is employed on a part-time basis in order to ensure the facility has a program to follow and all covered animals receive adequate veterinary care. An updated, complete and accurate written program of veterinary care with consultation from the attending veterinarian must be in place to ensure the health and well-being of the animals.
