Access and inspection of records and property; submission of itineraries.

A responsible adult was not available to accompany APHIS Officials during the inspection process at 1:55 PM on 19 August 2025. The inspector attempted to contact the licensee by speaking with his spouse who stated he is at work and not on the premises. The licensee was then contacted by phone and stated he would not be available for an inspection today due to work. Failure to provide access to the facility, animals, and records for inspection is a serious violation of the AWA and regulations. Failure to comply may result in enforcement action.
