Type: ROUTINE INSPECTION
Date: 18-OCT-2021

2.75(b)(1)

Records: Dealers and exhibitors.

During the review of paperwork and records it was noted that there were no acquisition records for regulated species.

Appropriate documentation of acquired regulated animals is essential for proper identification, tracing forward and trace back of the animals.

The licensee must correctly document records of acquisition for all regulated animals, including animals born on the premises, and assure that all records are kept as required. To be corrected by October 26, 2021.

This inspection and exit interview were conducted with a facility representative.
