

## Inspection Report

---

TANGLEWOOD FARM  
171 TANGLEWOOD DR  
CANTON, GA 30115

Customer ID: **23777**

Certificate: **57-C-0191**

Site: 001

TANGLEWOOD FARM

Type: ROUTINE INSPECTION

Date: 15-MAY-2024

---

### 2.75(b)(1)

#### Records: Dealers and exhibitors.

The acquisition and disposition records did not contain the required information. Only the year was documented for animals born at the facility as well as for animals who died or were given away. Without records which fully disclose the animal's acquisition as well as disposition information, legal and medical information traceback is not possible. Develop and maintain records disclosing the required acquisition/disposition information including the date, name, address, and USDA number if applicable of the person from whom the animal was acquired from or given to. The records shall include any offspring born of any animal while in his or her possession or under his or her control. Correct by June 5, 2024.

### 3.125(a)

#### Facilities, general.

At the time of inspection, at least three enclosures were identified with a damaged section of the metal fencing creating sharp points protruding into the space occupied by the animals. Sharp points protruding inside animal housing areas may result in injury while damaged fencing may fail to adequately contain the animals. The outdoor housing facilities shall be structurally sound and shall be maintained in good repair to protect the animals from injury and to contain the animals. Correct by June 12, 2024.

This inspection and exit interview were conducted with facility representatives.
