### 2.40(b)(3)

#### ATTENDING VETERINARIAN AND ADEQUATE VETERINARY CARE (DEALERS AND EXHIBITORS).

Sec. 2.40 Attending veterinarian and adequate veterinary care (dealers and exhibitors).

\*\*\*\*Three of the reindeer have large areas of hair loss along their flanks. One of the animals had a smaller area within the hairless area that appeared red and inflamed. The licensee needs to establish a consistent method for daily observation of the health and well-being of the animals and more timely communication with the attending veterinarian when there are problems with animal health. The veterinarian needs to be contacted and this hair loss problem addressed as soon as possible.

To be corrected immediately.

Inspection and exit interview conducted with the licensee.
