Certificate: 56-C-0239
Site: TRA
SHARON SANDLOFER

Type: ROUTINE INSPECTION
Date: 15-AUG-2015

3.5(a)

MOBILE OR TRAVELING HOUSING FACILITIES.

***Wolf Trailer (3 exhibit wolves): The ambient temperature inside the trailer between the hours of 1:30pm and 5:30pm varied in range from 93-98 degrees Fahrenheit, despite 4 fans and a small portable air conditioner. The wolves (3) were noted to be panting. Temperatures in mobile transport vehicles must be cooled in a manner that prevents temperature extremes. Measures must be taken to sufficiently cool the trailer for the health and well-being of the wolves. Correct by August 16, 2015.

Measures were taken at the time of inspection to provide the wolves with an area that maintains an appropriate temperature in addition to providing other means in which the animals can cool themselves.

This inspection was conducted at the Montgomery County Fair in Montgomery Village, MD. Gaithersburg Animal Control was also present.

The exit briefing was conducted with the manager.
