### 2.75(b)(1)

#### Records: Dealers and exhibitors.

A current record of animals on hand was not available for review. Exhibitors must make, keep, and maintain records of animals purchased or otherwise acquired, owned, held, leased, or otherwise in possession or under his or her control, or which is transported, sold, euthanized, or otherwise disposed of by the exhibitor. Failure to maintain these records can make it difficult to keep track of animals, document changes in ownership, and identify animal losses by deaths or decreased number of animals. The facility must maintain records containing the required information for animals which fully and correctly disclose the number of animals, held, owned, acquired or disposed of including births and deaths. Correct by March 15, 2021.

This inspection and exit interview were conducted with the licensee.
