ATTENDING VETERINARIAN AND ADEQUATE VETERINARY CARE (DEALERS AND EXHIBITORS).

1. During this inspection it was noted that the alpacas were in need of attention. Three of the 4 alpacas had excessively long toe nails. The all brown alpaca had all 4 toes that were long and curling inward. The other brown alpaca had a front, left foot with nails curling inward. The brown/ grey alpaca also had all 4 feet that had nails curled inward. To ensure that this does not affect the gait of these animals, these toe nails will need to be addressed.
